

## What is the Finishing School for Modern Women?

This is not your grandmother's etiquette class! While culture and decorum are attractive attributes in Modern Women, our classes are not about training women to be "Ladies." They are about finding our authentic selves; not because we need finishing, but because we're never finished. The Finishing School for Modern Women brings together women of all ages, to learn from experts and each other, how to claim our power in business, finance, communication and life.

## How the Patron Program work?

After class, each student receives a "Swag Bag" filled with offers and information from local businesses. I'm looking for local businesses and organizations that love women, to supply fabulous items for the bags! I believe this will be a fun, impactful way to introduce smart women to your business. I want this to benefit all of us - get new customers for your business, support the Finishing School and celebrate modern women. To help offset the costs of creating the bags, the investment to be a part of this program is \$95 for one season (18 classes) and will reach the hands of at least 300 women.

## Our Students

These students are curious, involved women from the Wichita area. They are aged 25 to 60 and many are professionals in business and creative industries. Married, single, divorce or widowed, there are a variety of women at different stages in life. They come from different backgrounds and share a common goal; the desire to learn more about living in today's hectic world where women have a bigger voice than ever.
